

PRINT ONLY DISCLAIMER

Dear Customer,

We will gladly screen print on articles of clothing that you provide. However, due to the fact the garments may not be designed for the purpose of decoration, we cannot be held responsible for any defects that occur during the printing process. These defects can include, but are not limited to, scorching, shrinking, burning, dye migration*, etc. We will, however, cover any printer error. Thank you.

I understand that Arrow Screenprinting will not be liable for my print only garments should something happen during the printing process. _____ Date_____

**Dye migration is when the dye on the printed shirt spreads or moves into the printed ink due to heat. This may be a immediate response or one that occurs over time that can not be helped. It is more likely to happen on polyester, poly/cotton blend t-shirts, and other non-organic materials but with its unpredictability we can not take responsibility.*
